Electric & Petrol Golf Carts | Utility Vehicles | Custom Solutions

www.rnlsa.co.za

WHO WE ARE ABOUT G.R.I.L CARTS

G.R.I.L Carts is a **South African**-based brand specialising in **high-quality golf carts** and **utility vehicles** designed for **performance, durability, and modern appeal**. Proudly rooted in South Africa, we leverage strategic manufacturing **partnerships across Asia** to deliver **world-class vehicles** at highly **competitive prices**.

By combining global manufacturing expertise with local service, support, and customisation, G.R.I.L Carts offers clients the **ideal balance** of **quality, flexibility, and long-term value**.

OUR MISSION

To deliver durable, efficient, and affordable golf cart and utility vehicle solutions built for African conditions, without compromising on performance, comfort, or style.

OUR VISION

To become one of Africa's most trusted and recognised golf cart and utility vehicle brands, known for innovation, quality, and exceptional value.

WHAT MAKES US DIFFERENT?

**GLOBAL MANUFACTURING.
LOCAL SUPPORT.**

By combining international manufacturing expertise with local service, support, and customisation, G.R.I.L Carts offers clients the ideal balance of quality, flexibility, and long-term value.

OUR PRODUCT RANGE

VEHICLES FOR EVERY APPLICATION

G.R.I.L Carts supplies a comprehensive range of electric and petrol vehicles for personal, commercial, and industrial use.

2-SEATER GOLF CARTS

COMPACT. STYLISH. RELIABLE.

Ideal for golf courses, estates, lifestyle developments, and private use.

4-6 SEATER TRANSFER CARTS

COMFORT MEETS CAPACITY

Designed for hotels, resorts, campuses, events, and shuttle operations where comfort and reliability are essential.

CARGO & UTILITY CARTS

BUILT TO WORK

Engineered for demanding environments including farms, warehouses, security operations, maintenance teams, and industrial facilities.

POWER OPTIONS

ELECTRIC OR PETROL DRIVE SYSTEMS

Choose between efficient electric battery systems or reliable petrol engines, depending on your operational requirements and terrain.

CUSTOM MANUFACTURING

BUILT TO YOUR EXACT REQUIREMENTS

Every G.R.I.L Cart can be manufactured to suit your operational needs or brand identity. Choose from standard models or fully customised builds.

- Body styling and colour options
- Seating configuration and layout
- Cargo beds and utility modules
- Lighting, canopy, wheels, and accessories
- Corporate branding and identity integration

A TYPE GOLF CART

MODEL VY-A6	
Size (L*W*H)	3950*1200*1980(mm)
Passenger	6people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	700KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

MODEL VY-A8	
Size (L*W*H)	4700*1200*1980(mm)
Passenger	8people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	800KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

MODEL VY-A6+2	
Size (L*W*H)	4300*1200*1980(mm)
Passenger	8people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	750KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

MODEL VY-A8+2	
Size (L*W*H)	5000*1200*1980(mm)
Passenger	10people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	850KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

A TYPE GOLF CART

MODEL VY-A2	
Size (L*W*H)	2350*1200*1980 (mm)
Passenger	2people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	550KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

MODEL VY-A4	
Size (L*W*H)	3100*1200*1980(mm)
Passenger	4people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	620KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

MODEL VY-A2+2	
Size (L*W*H)	2800*1200*1980(mm)
Passenger	4people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	600KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors

MODEL VY-A4+2	
Size (L*W*H)	3450*1200*1980(mm)
Passenger	6people
Max Speed	30 Km/h
Braking distance	≤4m
Driving Mileage	80-100 Km
Gradeability	25%
Wheel track	900 mm
Packing weight	650KG
Tire	10-inch grass tire (205/50-10)
Battery	lead-acid battery
Motor	3.0kw AC asynchronous motor
Body material	Steel frame +ABS engineering plastic molding parts
Body color	White/yellow/gold/green support custom colors
